

## Matthias Husinsky

---

Matthias Husinsky graduated as a Media Engineer in 2004 and worked since then at the University of Applied Sciences in St.Poelten, Austria, as a project assistant and lecturer in several audio and media related courses. From the beginning he was interested in the topic of modern media archives and one of the core developers of AllThatSounds. Since 2008 he is a PhD-Student at the Johannes Kepler-University in Linz, Austria, and working on a thesis in the field of *Music Information Retrieval*.
