

Brief Curriculum Vitae of Lynn Johnson

CAREER RECORD

Systems Manager: News Archive, etv December 2007 - present

In this capacity, I have overall responsibility for the digital archiving system underpinning the functioning of the national news archive, including the conversion to a digital archive management system and the associated digitisation of all existing archives. I am also responsible for user training on the digital system and, as well as coordination with the IT and news divisions.

HIGHER EDUCATION RECORD

M Phil (Library & Information Science)

University of Cape Town, current registration

Research thesis: "Digital news archiving: an investigation into whether

the introduction of a digital media system at Etv News Archives has resulted in a more effective operational workflow and an improved service delivery – an explorative case study".

Bachelor of Library Information Science Honours (BBibl Hons)

University of Cape Town, 2006

Post Graduate Diploma in Library and Information Science (PGDipLIS)

University of Cape Town, 2003

Bachelor of Arts (BA)

University of South Africa, 2000

PROFESSIONAL INTERESTS

- Digital news archiving and the associated systems and procedures that underpin this phenomenon and how these can be applied to different library environments to maximise workflow efficiency.
- Assisting and training system users.
- Keeping informed on news and current affairs internationally and locally.
